Acting Chief, D/St

Acknowledgment of Special Cooperation in the Production of IM-181

1. The reproduction of IM-181 was greatly facilitated by the cooperation of the Economics Branch of D/EE. The fact that this branch took over the major task of cutting and proofing the stencils for this voluminous publication made possible its dissemination much more promptly than would otherwise have been the case.

2. The excellent work and consistently cheerful cooperation of [REDACTED] who steered the preparation and assembly of stencils for this complex report we believe to be worthy of special commendation. Under her able direction the several stenographers in the branch performed their work very efficiently.
